BLW's 100

your life

my day starts: when work ends

9.45am: another day,
another dollar...

If you believe in life after work,
you'll love the Yamaha BW's 100
scooter.

It's got a sporty 100cc engine and
big chunky tyres, so it's brilliant in
or out of town and really grippy in
the wet.

Forget about public transport and
rush hour traffic. The BW's 100
gets you out of the office and back
into circulation faster than you can
say "Get a life".

So you can go to the gym, grab a
burger, meet up with the mates,
whatever.

Best of all you'll have almost as
much fun getting there as when
you arrive...

5.45pm: just park
by the door...

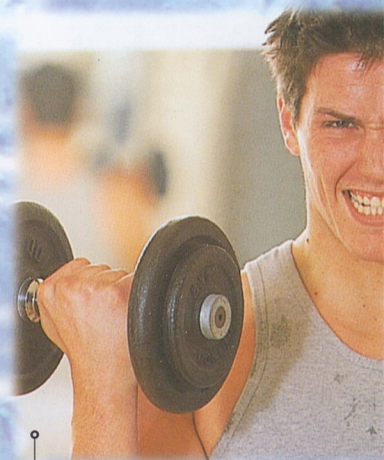

3.30pm: bump into that nice
girl from accounts...

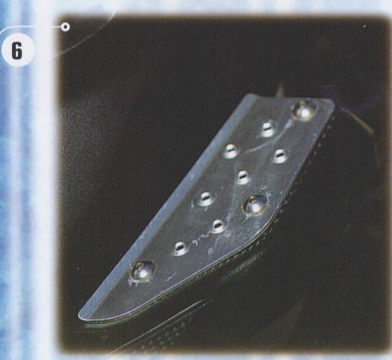

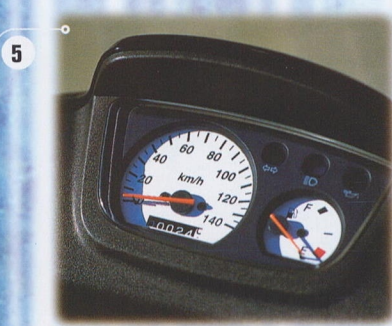

5.30pm: get the bike out of
the storage bay...

5.35pm: clear the way
I'm coming through...

6.05pm: burn it up at the gym...

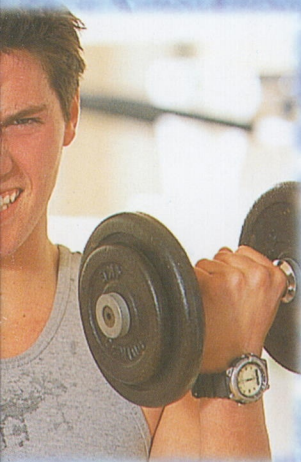

your life: your choice
