

STAND-BY YAMAHA

WITH

EF5000

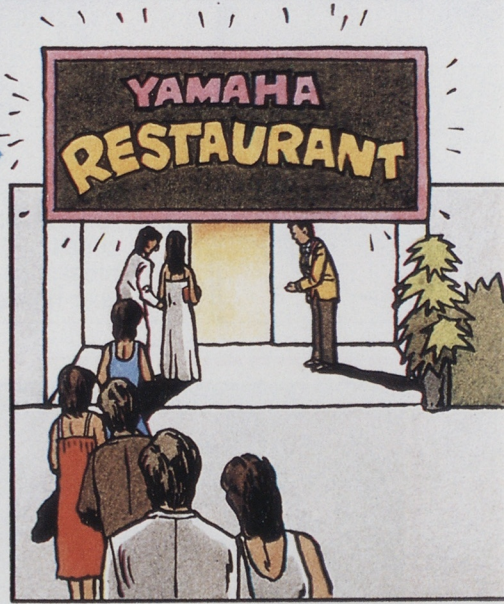

At the "YAMAHA RESTAURANT"

**OH NO,
POWER
FAILURE**

YAMAHA TO THE RESCUE

A Restaurant without Yamaha power

**OH NO,
WHAT
HAPPENED
TO THE
POWER?**

The Candle is beautiful, but we'd prefer a bit more light.

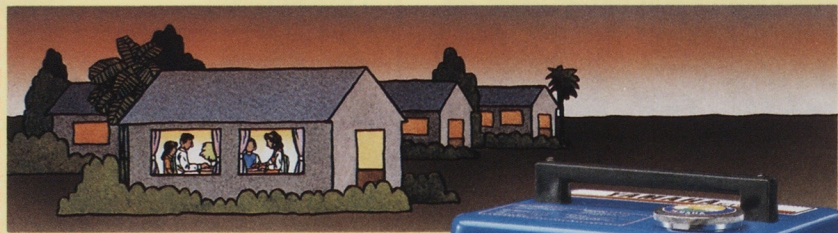

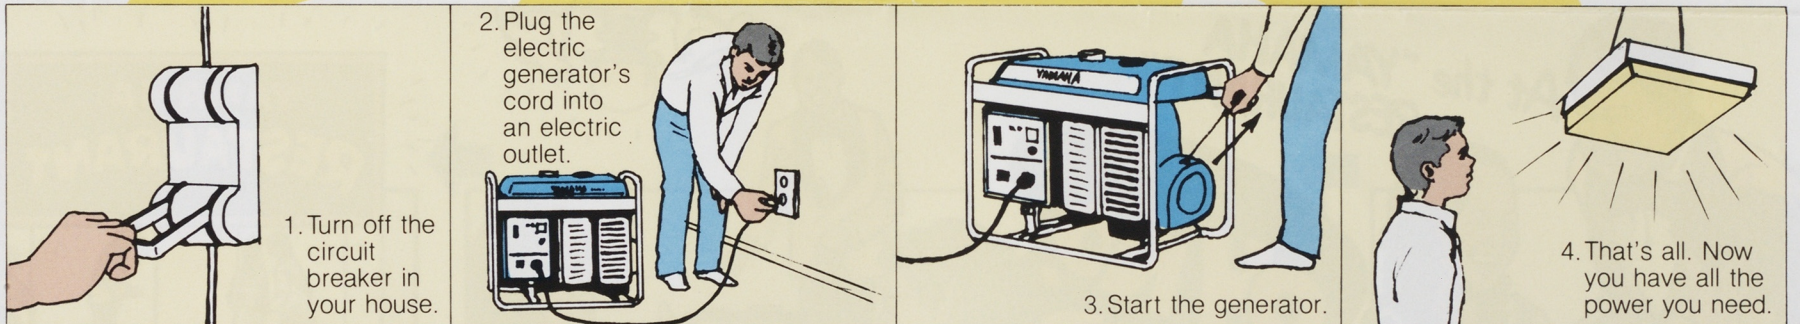

FOR A BRIGHT SUCCESS, CHOOSE YAMAHA'S EF5000

Restaurants, shops, hospitals, and numerous other offices and buildings require emergency power to overcome unexpected power failures. To give you relief at those dangerous or embarrassing times, Yamaha offers you the extraordinary EF5000.

It's so easy! Here's how to operate the generator when a power failure occurs.

ET500
a stand-by
power source
for your home.

Features:

- Automatic oil warning system and brushless generator design minimize maintenance requirements.
- Strong tubular frame and high quality in all parts ensure a long service life.
- Bright blue color and attractive design make these models presentable in any room.
- Four-stroke 412cc engine provides plenty of power, yet is remarkably quiet.
- CD Ignition and Automatic Decompression System make starting easy in all weather conditions.
- Brushless generator design and Yamaha engine technology guarantee an amazingly efficient production of power.
- Non-fuse breaker shuts off the circuit immediately whenever an overload is detected.
- Plug cap incorporates a noise and leak suppressor to minimize noise and increase efficiency.
