

TT-R90

Tomorrow's champions
ride Yamaha today!

one good reason to turn off the telly

SPECIFICATIONS

Televisions, computers, video games — seems like kids these days are spending way too much time playing in a virtual world and forgetting about the real world. The new TT-R90 was specially developed to show youngsters how much fun reality can be.

Powered by a clean running and quiet **89 cc 4-stroke engine**, the TT-R90 delivers just the right amount of responsive, low-rpm power that is perfect for teaching kids how to ride. It's loaded with easy riding features like a **3-speed semi-automatic transmission** so there's no manual clutch for the rider to operate. There are easy maintenance features like an **electronic CD ignition** and easy to use chain adjuster.

The **lightweight chassis** and **racy bodywork**

are styled after our winning **YZ400F racer** so that kids can look just like their racing heroes. The **YZ-style fenders, tank and bodywork** are all made of **impact-resistant plastic**, so tough that even kids will have a hard time breaking them.

The **long, low seat** will give the youngster plenty of confidence and maneuverability when the terrain gets tough, while the **long-travel fork and Monocross rear suspension system** iron out the bumps in their off-

road adventures. And when it's time to slow the ride, reliable **front and rear drum brakes** provide plenty of stopping power.

TT-R90. The perfect way to learn the joy of motorcycling, and a great way to get the telly turned off.

ENGINE

	TT-R90
Type	4-stroke, air-cooled, SOHC, single
Displacement	89.0 cc
Bore & stroke	47.0 x 51.8 mm
Compression ratio	8.5:1

Easy finance, immediate response...

Y-Loan is a user-friendly finance program that can be tailored to meet all your needs. **Y-Loan** gives an immediate response to your application and the freedom to buy when you need to.

Available at participating Yamaha dealers.

Always remember to review your Yamaha Motorcycle Owner's Manual and Tips Booklet before you ride. Before each ride, take time to check all your equipment. Always wear an approved helmet, eye protection, long-sleeved shirt, long trousers, gloves and boots. And always be sure your bike is in first-class condition before riding. Never ride on paved surfaces or public roads; never carry passengers; never engage in stunt riding and avoid excessive speed. Provide parental supervision when a motorcycle is being operated by a minor.

Every motorcycle rider should be aware of the limits of his or her skills, experience and abilities and ride accordingly. Beginners should be extremely cautious and allow extra time and distance for manoeuvring and braking.

All riders should ride well within the limits of their abilities, never beyond them. Do not drink and ride. It is illegal and dangerous. Yamaha encourages you to ride safely and respect the environment.
