

YAMAHA single-axis robot positioner "EP-01"
Addition of battery specification compliant with Indonesian SNI regulations

Dear Valued Customer,

Thank you for your continued support and patronage of Yamaha products.

To comply with Indonesia's SNI (Standar Nasional Indonesia) regulations applicable to products equipped with batteries, Yamaha Motor Co., Ltd. has added a battery specification compliant with SNI regulations to the YAMAHA single-axis robot positioner "EP-01."

The details are provided below.

Added Specification (SNI-compliant version)

Model (Standard specification)	Model (SNI-compliant battery specification)
EP-01-A10	EP-01-A10S
EP-01-A30	EP-01-A30S

Features of the Added Models

- Equipped with a battery compliant with Indonesia's SNI regulations.
- Except for the battery specification, dimensions, operating specifications, and basic performance are identical to those of the standard models.
- Not compliant with CE requirements.

Availability

Start of shipment: October 19, 2026

(Delivery lead time may vary depending on order volume.)

Applicable Countries and Regions

Countries and regions outside the EU.

Note: When using the product in Indonesia, please be sure to purchase the SNI-compliant model number.

Note: For shipments to EU countries, please select the standard specification (CE Marking).

If anything is unclear regarding this matter, or if you have any questions, please use the following inquiry form.

Sincerely,

Sales & Marketing Division, Robotics Business Unit
