

December 2019

Dear valued customer:

We hope your company is doing well. Thank you for your continuing support of our products.

It was recently decided that sales of the SCARA robot YK400XR will come to an end on the last day of June 2020. We regret any inconvenience this may cause, and ask for your understanding.

The successor model will be the YK400XE, whose standard cycle time is approximately 10% shorter, and whose maximum payload is 1 kg greater, compared to the YK400XR.

We hope you will continue to use our products.

Details regarding discontinued product

Model	Date when sales will end	Final date for repairs	Successor model
Low cost high performance model, small type YK400XR	End of June 2020	End of June 2027	YK400XE
