

2020  
**W A V E R U N N E R S**

Sixty years of marine expertise.

An unrivaled reputation for reliability.

The most trusted brand in the industry.

This is the heritage that you'll have behind you each time you pull the throttle on a Yamaha WaveRunner personal watercraft. From the thoughtful design to expert manufacturing to the legendary Yamaha Marine Engines, Yamaha gives every kind of rider a unique and enjoyable experience.

This is your official invitation to

***RUN THE WATER.***

## DESIGNED FOR ENDLESS FUN

When you purchase a Yamaha WaveRunner, you're guaranteed an exhilarating ride that will last you season after season. In fact, the majority of pro racers choose Yamaha because of our quality control standards and our commitment to durability. Unlike the plastic materials used by the competition, WaveRunner hulls and decks are designed with ultra-reliable SMC and NanoXcel technology.

## RiDE YOUR WAY

WaveRunner riders have ultimate control at their fingertips thanks to Yamaha's revolutionary RiDE dual throttle handlebar control system. Simply pull the right handle lever to accelerate, and pull the left lever to decelerate and reverse. There are no gears, no shifting, and no complicated processes, providing the rider with a more intuitive and fun driving experience.

## THE LEGENDARY YAMAHA MARINE ENGINE

With more than sixty years of marine heritage and meticulous quality control requirements, Yamaha Marine Engines set the gold standard for the industry.

Our engines are designed for optimum performance and durability in saltwater, ensuring you can keep riding for years to come. And with an open loop cooling system, our engines provide a reliable ride no matter the conditions. Whether you're flying past the competition or taking a leisure ride, you can always depend on a Yamaha.

# 2020 LINEUP

Yamaha's 2020 lineup of WaveRunners offers a unique experience for every kind of rider. Whether you're venturing out on your first ride or taking a victory lap, there's a WaveRunner that's perfect for you.

## **AN EXHILARATING WELCOME TO THE WATER**

Enjoy the excitement of owning a WaveRunner at an entry-level price. The incredibly affordable EX Series combines the power and dependability of the award-winning 3-cylinder TR-1 Yamaha Marine Engine with the most durable, lightweight hull and deck in its class, allowing first-time riders to take on the water with confidence. And with optional accessory packages, EX owners can add even more enjoyment to every playful ride.

Want to add even more speed to your first time on the water? The EXR, backed by the TR-1 High Output Yamaha Marine Engine and ultra-lightweight NanoXcel2 technology, provides an even higher level of performance and fun.

## THE FASTEST WAY TO TAKE A VICTORY LAP

Winning isn't just a goal with the GP•SJ Series. It's inevitable. Fueled by our most powerful engines, including the industry-defining Super Vortex High Output Yamaha Marine Engine, this lineup offers pure speed at your fingertips. And with multiple race-inspired features, including a top-loader intake grate and ride plate, you'll experience dramatically increased handling during sharp turns and hook-up in rough water.

Those hungry for more action can tear up the closed course with the SuperJet. No matter the competition, Yamaha's high-performance Marine Engines dominate other brands' race models on and off the course.

Professional riders on a closed course.

## Use WaveRunners appropriately by obeying rules and manners.

### BEFORE RIDING

- Read the owner's manuals and understand it fully.
- Wear a PERSONAL FLOATING DEVICE (PFD) and PROTECTIVE CLOTHING such as wetsuit or wetsuit bottom.
- Never operate the watercraft after consuming alcohol or taking other drugs.
- Driver must attach the engine shut-off cord (lanyard).

### PROPER RIDING

- Scan constantly for people, objects and other watercrafts.
- Keep a safe distance away from people, objects, other boats and personal watercrafts.
- Do NOT follow directly behind personal watercrafts or other boats.
- Do NOT go near others to spray or splash them with water.
- Keep away from intake grates. Items such as long hair, loose clothing, or PFD straps can become entangled in moving parts resulting in severe injury or drowning.
- Do NOT release throttle when trying to steer.
- Avoid aggressive maneuvers. Ride within your limits and avoid aggressive maneuvers to reduce risk of loss of control, ejection, and collision.
- Do NOT jump waters or waves.
- Do NOT apply throttle when anyone is at the rear of the WaveRunner.

### RULES AND MANNERS

- Understand maritime traffic rules.
- Do NOT drive early in the morning or areas with many residents.
- Stay away from operating finish boats or fixed fishing nets.
- Do NOT enter a bathing beach area.
