**YP400 Majesty**

## *Designed to enjoy the modern world*

The Yamaha sophisticated Majesty 400 thrives on spur of the moment decisions. Want to see a movie that starts on the other side of town in 30 minutes? The Majesty 400's powerful and super-smooth 400 cc four-stroke engine will make it on time. Woken up with the sun shining through the curtains and want to head for the beach? Take the Majesty 400 and arrive in style and luxurious comfort. And when you've no choice in the matter, our number-one long-range scooter will make your everyday journeys to work stress-free and just plain fun.

### **Smart storage**

Majesty 400 riders aren't weighed down by everyday essentials like crucial work documents, gym kit or even shopping. Instead, thanks to thoughtful design, their Yamaha's huge, secure under-seat storage area takes the strain. It even swallows two full-face helmets.

### **Sleek style**

From the distinctive boulevard-illuminating headlight to the thoroughly modern LED taillight the Majesty 400 delivers exceptional practicality packaged in an eye-catching body. A combination of all-day-comfortable seat, ocean-deep paint, superb ergonomics and taut, stylish lines.

## *It loves the city and the motorway*

A twist of the Majesty 400's light throttle takes rider and passenger up to cruising velocity with the most civilised of power surges. No need to change gear. Instead let the sophisticated automatic transmission do the hard work. The Majesty 400's fuel-injected engine and advanced, high-specification chassis intuitively react to the rider's input, taking you to effortless fast-lane cruising speeds. So whether you're heading into the city or planning to make the most of the weekend by getting away from it all – just relax and enjoy the ride.

### **Inspired instruments**

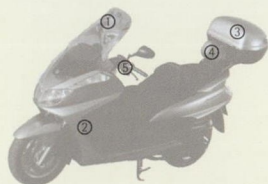

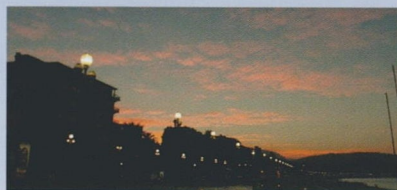

The Majesty 400 displays its user-friendliness and quality feel through every moment of rider/machine interaction. Check out the instruments, for example: an ideal combination of multi-function digital and analogue displays that convey the crucial information in the quickest of glances.

### **Practical and protective**

The Majesty 400 delivers the dynamic buzz of a motorbike with the unsurpassed ergonomics and incredible weather protection of a class-leading maxi scooter. That bodywork doesn't just look good, it works full-time to deflect wind, rain and road dust.

## Accessories

### 1. Windshield

If you're making the most of the Majesty 400's impressive motorway potential, you'll find this tall windshield offers extra weather protection.

### 2. Legshields

These durable, colour-coded bodywork add-ons are designed to keep your lower half out of the draught.

### 3. Top case and carrier

One of the most versatile vehicles on the street becomes even more useful with the addition of this carrier and stylish top case.

### 4. Backrest

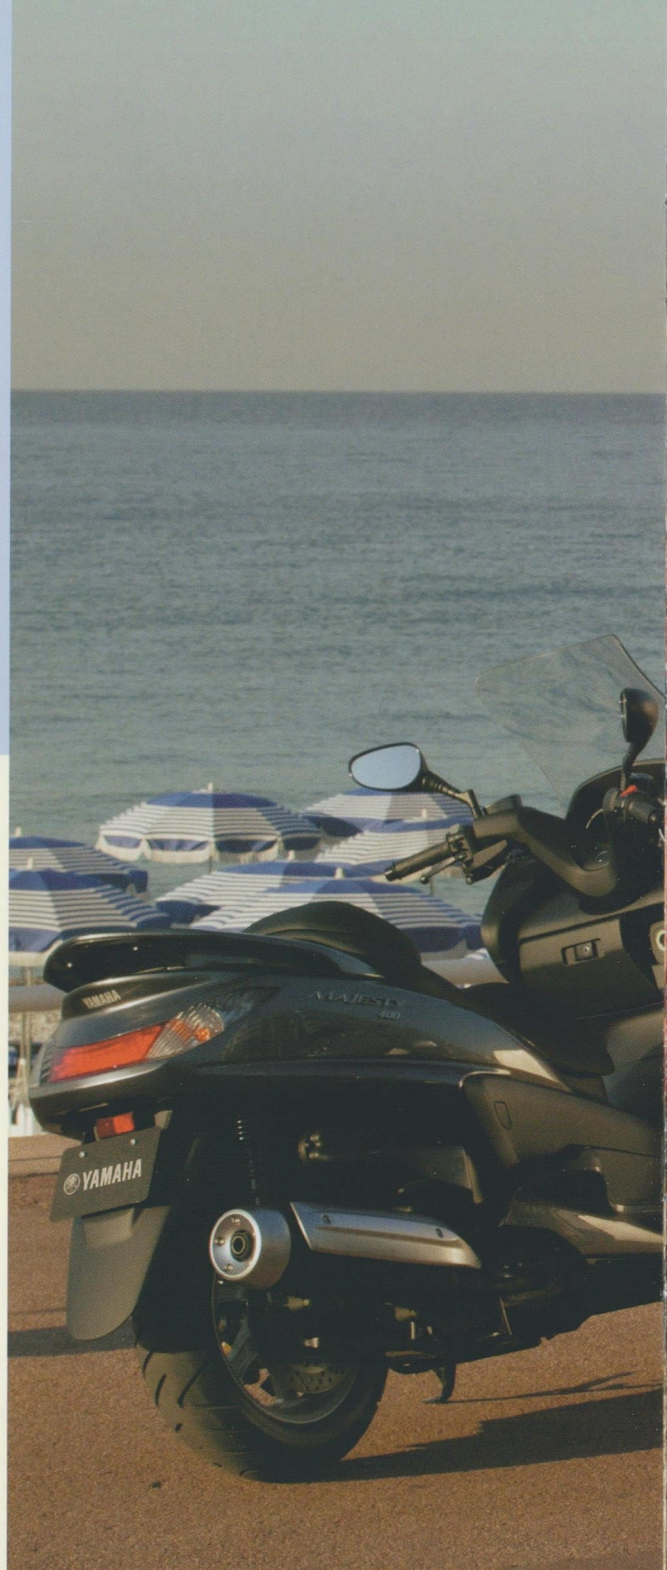

Once you've fitted this backrest, passengers can lean back, chill out and appreciate the joys of being ferried around on a Majesty 400.

### 5. Grip heaters

The sun doesn't shine everyday. When the cool weather bites, ride through it in total comfort with Yamaha's own heated grips.

Yamaha highly recommend you the use of genuine Yamaha accessories. Contact your local dealer or visit our website: [www.yamaha-motor-acc.com](http://www.yamaha-motor-acc.com)
